20 December 2023

Dear Mrs Westwood

We can achieve so much more when we come together. Thank you so much to everyone at South West Midlands NX/5 Owners Club for raising a fantastic £500.00. We will ensure that we make every penny count to drive our crucial work.

The number of people with dementia is increasing dramatically, with numbers set to reach one million by 2025. That's why our work is so urgent and why we're backing the world's brightest minds and funding over 600 research projects to find the best ways to get early diagnosis, innovate care and develop targeted treatments.

We'll make sure that your donation is put to good use, whether it's spent on campaigning governments to make dementia the priority it should be or delivering vital services across the UK. You're making a huge difference.

Just one of the vital services we provide is Talking Point, our online safe space, where a trouble shared can become a trouble halved. People accessing Talking Point can learn from each other's experiences, share their frustrations and their knowledge of local services. Talking Point lets people living with dementia share and learn from each other in a safe online space. Just £50 means 312 people can access this site any time, day or night.

Once again, thank you.

Yours sincerely

Harriet Rowe  
Supporter Care Advisor
